

GET TO KNOW THE TEAM

# millman

## NATIONAL LAND SERVICES

### MEET MADELINE

One of the newest members of the Millman Team is Madeline Shook. She is currently part of our Marketing and Sales Team and recently purchased a home in the West Akron area. She now spends her time renovating to make the house her home. Her favorite part about her position at Millman is being able to get to know all the clients and develop relationships making ordering ALTA Surveys an easy process. Madeline collects all the client's requirements and project information before providing a competitive quote. She enjoys the fun, high energy work environment even when things get busy, because she understands that your real estate deal cannot wait. During our busy months she works hard to ensure nothing is missed and the clients stay happy. She takes pride in being a women in the commercial real estate industry and plans to continue building her career at Millman. She cannot wait to meet new clients in the new year!

### MEET JOSH

Another member of the Millman Team is Josh Lines. He is currently an Account Manager with Millman National Land Services. During his time in undergrad, he participated on the Akron Track and Field team and was proud to represent his University as the mascot. When a project is authorized, Josh takes it from there. He collaborates with clients to collect all the pertinent information needed to complete a project. Josh also coordinates internally with our surveyors and staff to ensure the site visit and overall delivery of surveys is as efficient as possible. He works hard to properly communicate the client's needs and comments to our drafting team to make sure the clients are satisfied. Josh loves the commercial real estate industry and thrives in the fast-paced environment. With the coming new year he is excited to be a new member of CREW and get to know new faces within our industry. From coast-to-coast Josh keeps the surveying process as simple as possible for our clients. He is looking forward to a new year full of new development and happy clients!
